EXPLORING INNOVATIONS TO CREATE SMARTER LIVING SOLUTIONS FOR THE FUTURE

ABOUT THE EVENT

The real estate sector is one of the most prominent industries globally, encompassing key sub-sectors like housing, retail, hospitality, and commercial spaces. Its growth is closely linked to corporate expansion, which fuels the demand for office buildings and both urban and semi-urban housing. Notably, the construction industry ranks third among the 14 major sectors, significantly impacting the economy through direct, indirect, and induced effects. With India's booming economy, there is a rising need for buildings that integrate world-class technology while ensuring quality, comfort, and safety.

To meet this demand, CII is organizing the 5th edition of the Real Estate & Building Technology Expo 2025 at Pragati Maidan, New Delhi. The event aims to accelerate the growth of the real estate sector and promote the development of state-of-the-art technology-driven buildings in India.

In response to the growing need for efficient project management across cities, developers are increasingly adopting centralized processes for sourcing materials and organizing manpower. They are also focusing on recruiting skilled professionals in key areas such as project management, architecture, engineering, and sourcing high-quality raw materials.

EVENT OBJECTIVE

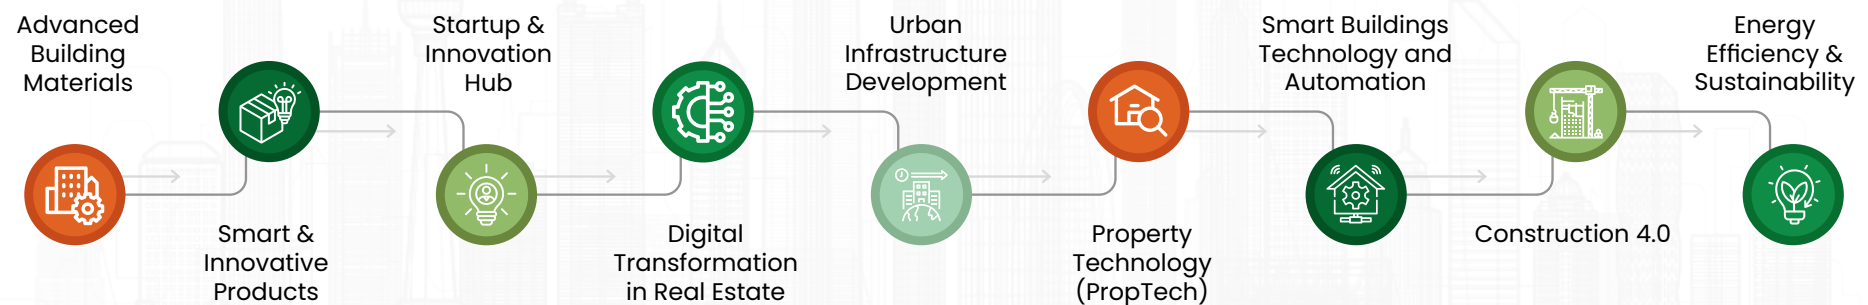

- 1** Exhibit the latest products, technologies, solutions, machinery, equipment, applications, and advancements in the construction of world-class buildings, as well as in construction technology and management systems.
- 2** Spread awareness about new technologies and applications in construction within the industry. Educate potential consumers on the benefits and uses of the latest developments and technologies available.
- 3** Improve operational efficiency through customized solutions that streamline business functions, reducing gestation time and contributing to the creation of a better environment.

EVENT HIGHLIGHTS

-  Premier Exhibition on Real Estate and Building Technology in India
-  A three-day exhibition dedicated to Real Estate & Building Technology
-  Exhibitors will present cutting-edge building technology products and services
-  Opportunities for partnerships through organized B2B, B2G, and G2G meetings
-  Interactive seminars covering various industry-related topics
-  Release of an exclusive report on Real Estate Development and Housing Technology
-  Knowledge sharing and discussions on innovation and research papers within the Real Estate & Building Technology community
-  Start-up Pavilion highlighting intelligent technologies and innovations

KEY FOCUS AREAS

EXHIBITOR PROFILE CONSTRUCTION TECHNOLOGY

- Building Insulation Technology
- Cement and Cementitious Products
- Climate Control Products
- Concrete Bricks, Blocks, Pavers
- Decking Sheets
- Decorative Concrete
- Fiber Cement & Concrete Products
- Scaffolding & Accessories
- Precast & Pre-Stressed Concret
- Precast, Prefabricated Structures & Assembly
- Pre-Engineered Buildings
- Roofing, Cladding and Facades
- Stamping Texture Mats & Surface Preparation
- Hardware, Fixtures and Fittings Products
- UPVC & PVC Products
- Waterproofing and Damp Proofing Material
- Wall Care Treatments
- Plumbing Equipment's & Accessories
- Laminates, Plywood, Wood, Timber & Boards
- Doors, Windows & Facades
- Glass and Glazing
- Pollution Control Technology & Equipment's
- Research & Technology Transfer
- Water Purification
- Water & Waste Water Treatment Systems & Solutions

BUILDING TECHNOLOGY

- AR/VR & 3D Technologies
- Fire Safety
- Security
- Smart Surveillance Solutions
- Building Management System (BMS)
- Smart Energy Management
- Lighting Management Solutions
- Indoor Air Quality Solutions
- Green Building Solutions
- Connected Building Solutions
- Smart Controls System Design
- Energy Storage Solutions
- Building Automation
- IoT Products & Solutions
- Parking & Traffic Management Solutions
- Smart Home Devices
- Urban Mobility & Smart Infrastructure
- Smart Meters & Sensors
- Smart Wires & Cables

Real Estate

- Real Estate Developers
- Residential Properties
- Channel Partners
- Commercial Properties
- Leasing and System
- Resorts, Hotel's & Club houses
- Facility Management Companies
- Theme Parks
- Others

VISITOR PROFILE

- Architects
- Consultants
- Surveyors
- Contractors
- Government Authorities & Agencies
- Hardware Dealers
- Real Estate Agents
- Technology Enthusiast & Early Adopters
- Civil Engineers
- Interior Designers & Decorators
- Commercial & Residential Buildings
- Housing Development Corporations
- Smart Cities
- Property Investors
- Facility Managers
- Environmental and Sustainability Champions

Glimpses

TECHNOLOGY

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 286 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India strategizes for the next 25 years to India@100, Indian industry must scale the competitiveness ladder to drive growth. It must also internalize the tenets of sustainability and climate action and accelerate its globalisation journey for leadership in a changing world. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2023-24 as 'Towards a Competitive and Sustainable India@100: Growth, Livelihood, Globalisation, Building Trust' has prioritized 6 action themes that will catalyze the journey of the country towards the vision of India@100.

With 65 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
